- Empowerment on how to organise mobilise and implement
- Where and how to get financial assistance to run a project.

October - Seminar to evaluate and to build new strategies

December - Discussions on how to go on in the following year

- women/ children christmas party

Other activities: no lager for women/children campaign and networking with other groups

Women in Exile

A group of women asylum and former asylum seekers, celebrates a decade in fighting against refugees discriminating laws from a woman's perspective with a three days seminar:

- presenting a photo exhibition of our decades work
- workshops from the founding members of the group and other supporters.

Join us from the 20. - 22.07.2012 to celebrate with us, build future strategies in our work and networking.

Apart from the interesting political and social issue to be discussed in our workshops, you will have the opportunity of meeting most of the founding members of "Women in Exile", and get to know how we have struggled to keep going when the going was hard.

Place, time and dates will be on our weblog soon.
